KEY BITTING DIFFER IF KNOWN - KEY 2

INDICATIVE TESTING ONLY HAS BEEN PERFORMED

The product tested WAS NOT defeated and is therefore likely to meet the requirements of BSI, PAS or BsEn if submitted for testing.

The product tested Was defeated and is therefore unlikely to meet the requirements of BSI, PAS or BsEn if submitted for testing.

Comments including time taken if product failed the test:

This test has been carried out under the terms and conditions of the Independent Lock Testing Group. The results show that only this product and differ passed or failed the requirements of the stated test, using the equipment and time scales referred to in the relevant BSI, CEN or PAS Standard. It does not infer that all locks or differs within this family of products would achieve the same results.

Tester Name: <i>K. N. BRYAN</i>	Signature: <i>[Signature]</i>	Date: <i>17/09/2009</i> ASSR02
